Holiday Tree Ornament

*Kids, ask a grown-up for help with scissors

Instructions:

1. Cut out the green six-sided piece along the dotted lines.
2. Make mountain folds along solid white lines.
3. Make valley folds along solid black lines.
4. Cut off the tip of the tree, then gently unfold paper into tree shape.
5. Cut out the star and ornaments along the dotted lines.
6. Tape or paste the ornaments to the tree.
7. To hang your ornament, place a piece of string between the two sides of the star, then tape or paste the two sides together. Then tape or paste the star to the top of the tree.
8. Or you can tape or paste the star to the tree and display it on a shelf.
